ABOUT DOCUMENT RECOVERY

In an emergency situation, time is not on your side. Speed of stabilization is the key to preventing further damage. We have the resources to immediately inventory and stabilize your vital records and information carefully, privately and properly.

We have unparalleled degree of expertise in providing multiple recovery solutions for documents damaged by:

- Water
- Fire
- Smoke
- Odour
- Mould

We work in all sectors including but not limited to:

- Education
- Healthcare
- Government
- Commercial
- Residential
- Legal
- Libraries
- Construction
- Engineering

We have recovered a variety of media, including but not limited to:

- Documents & vital records
- Books / Volumes
- X-Rays
- Blueprints
- Photographs
- Negatives
- Microfilm

We also offer additional document related services:

- Document Cleaning Services
- File Changing Services
- Odour Treatment
- Photocopying
- Digital Scanning
- Book Rebinding
- Confidential Document Destruction
